

# **Podium Horse Ration**

## **(605641)**

### **Who Uses:**

Owners and trainers of performance horses who need a diet for their horses that is high calorie with very low starch and sugar levels. Typically this would be owners of eventing horses, endurance horses, horses prone to tying up or those with symptoms of EPSM.

### **Description**

A high fat, high fibre, low starch ration balanced and formulated to meet the demands of the performance horse.

<b>Features</b>	<b>Benefits</b>
<ul style="list-style-type: none"><li>• Contains 8% fat from all vegetables sources.</li></ul>	Provides the added fat calories certain classes of horses require for optimum performance.
<ul style="list-style-type: none"><li>• Contains a very low level of starch and sugar.</li></ul>	Ideal for horses prone to tying up and starch intolerances such as EPSM.
<ul style="list-style-type: none"><li>• High calorie.</li></ul>	Provides the level of calories and energy required for maintaining body condition as well as performing at the highest levels.
<ul style="list-style-type: none"><li>• High in digestible fibre.</li></ul>	High fibre level improves digestive health and provides fibre calories, the most natural form of energy for the horse.
<ul style="list-style-type: none"><li>• Contains chelated trace minerals.</li></ul>	For increased bioavailability of those nutrients essential for immune response, hoof health, bone and cartilage development.
<ul style="list-style-type: none"><li>• Contains yeast culture.</li></ul>	Yeast culture works as a digestive aid and gut stabilizer reducing digestive upsets and maximizing digestion.
<ul style="list-style-type: none"><li>• Made with highly palatable ingredients and added flavours.</li></ul>	Improves appetite and feed intake.

### **Directions for Use:**

Feed ½ to 1 ½ kg of Masterfeeds Patriot Podium Eventer horse ration pellets per 100 kg of body weight for the active horse, according to the amount of work performed, condition of the horse and quality of hay or grass.
