

Who Uses: EASY CUBE (600725)

Horse owners who want a simplified way to feed their “Easy Keeper” and horse owners who have horses of all classes on very high quality hay and pasture.

Description

A low protein, low calorie, vitamin and mineral supplement cube.

Features

- Complete balanced source of trace minerals and vitamins.
- Low calorie high fibre cube.
- Convenient cube shape.
- Chelated trace minerals
- Contains yeast culture

Benefits

- Simplified way to feed.
- Great for horses with low calorie requirement such as “Easy Keepers”.
- Palatable, and easy to feed on pasture and floor feeders.
- More bioavailable for increase absorption.
- Improved nutrient digestion and improved digestive health.

Directions For Use:

0.25% of BW (e.g. 2-3 lbs for the average horse) per day will supply a horse with all its trace mineral and vitamin needs. Easy Cubes may be fed with grains to horses with higher energy requirements, such as those in work.
