

Who Uses: **Exactor™ Original (600675)**

Performance trainers who require a diet consist of high carbohydrates and high fibre levels. Exactor is a complete diet designed to be fed without hay.

Description

A total nutritionally complete, textured ration for race horses in training or racing, formulated to avoid exposure to dust from hay and/or grain.

Features

- Contains shredded beet pulp.
- Contains steam-flaked corn.
- Contains yeast culture.
- Designed to be the sole ration.
- Contains high level of Vitamin E
- Contains chelated trace minerals.
- Contains biotin.

Benefits

- Adds increased energy, fibre bulk and digestible calcium to support intense physical activity.
- Increases starch content of ration to elevate energy availability.
- Lowers gut acidity; produces enzymes that extracts more energy and protein from fibre portion of the ration.
- Balanced with effective fibre, eliminates using hay which has dust and allergens. Advance nutrition for horses with exercise induced pulmonary hemorrhage.
- A powerful antioxidant to enhance immune response and improve tissue regeneration after strenuous exercise.
- For increased bio-availability of those nutrients essential for immune response, hoof health, bone and cartilage development.
- Improves hoof integrity, often caused by intense competition.

Directions for Use:

First, switch grain portion to Exactor Original. Then replace hay with more Exactor Original. For the first 5 days, replace ¼ of the existing grain ration with Exactor Original. Then replace ½ the grain ration with Exactor Original for the next 5 days. On day 11, offer ¾ Exactor Original and ¼ of the former grain ration. On day 16, all grain is Exactor Original.

Replace each flake of hay with 1 kg of Exactor Original, one flake at a time. Feeding 4 times per day is recommended for a no-hay feeding program. Water and salt should be available, free choice, at all times.

EXACTOR ORIGINAL COMPLETE HORSE FEED

M-600675

THIS FEED CONTAINS ADDED SELENIUM AT 0.300 MG/KG.
A LIST OF THE INGREDIENTS USED IN THIS FEED MAY BE OBTAINED
FROM THE MANUFACTURER OR REGISTRANT.

GUARANTEED ANALYSIS:

CRUDE PROTEIN (MIN. %)	12.50	VITAMIN A (MIN. IU/KG)	9,000
