NEW PRODUCT

Masterfeeds®

an Alltech® company

Equine Nutrition

COOL GI (PELLET)

FOR ALL TYPES
OF EQUINE
ATHLETES

FEATURES & BENEFITS:

High levels of fibre. High quality fibre sources maintain a healthy gut and provide beneficial fibre calories and energy.

High fat content. Contributes high levels of cool calories from plant sources; maintains and develops body condition and provides energy to working horses; adds palatability and improves hair and hoof condition.

Contains 100% organic trace minerals.

For increased bio-availability of those nutrients essential for immune response, hoof health, bone and cartilage development.

Extremely low NSC level. Reduced starch and sugar (NSC) diet using specialty ingredients. Safer for growing and older horses or those with metabolic issues and sugar sensitivities.

Pre & Pro Biotics – Yea-Sacc® 1026 and Pulse 500.

Together, these products work as both a pre-biotic; feeding existing bacteria and a pro-biotic; adding more beneficial bugs to the gut. This works to stabilize the gut, reduces digestive upsets, and maximizes nutrient digestion and absorption.

Contains Sel-Plex®. This naturally occurring form of Selenium is non-toxic and has antioxidant properties; proven to strengthen the immune system and reproductive function; increases performance and exercise tolerance, and enhances overall heart and muscle health.

Contains high levels of Vitamin E.

A powerful antioxidant to enhance immune response, optimize nerve and muscle function and improve tissue regeneration after strenuous exercise.

Added B-vitamins.

Boosts vitamin intake for horses in high stress or high activity situations when requirements are elevated.

PERFORMANCE FEED

COOL GI
(PELLET)

FOR ALL TYPES
OF EQUINE
ATHLETES

Masterfeeds Cool GI is the ultimate feed for horses that require extremely low levels of starch and sugar (NSC) in a grain diet. Safe for all age groups but geared towards a higher performance animal to provide top shelf nutrition, alongside a cool energy source. Packed with organic trace minerals at 100% inclusion, B-vitamins and pre and pro-biotics, this ration will not only contribute to a healthy gut, strong immune system and great body condition, but will also support optimum growth and performance. Ideal for those challenged by metabolic issues. A great choice for any horse owner.

FEEDING DIRECTIONS:

Feed 0.5 to 1 kg per 100 kg body weight along with good quality hay.

** Feeding rates may vary depending on forage quality and horse's activity level.*

Masterfeeds has a long and successful history of delivering quality equine nutrition products and services to horse owners, backed by a national network of resources you can depend on.
