

Solo Nursery Program Feeding Budget

Blueprint[®] Solo Nursery Program is formulated for pigs weighing at least 6 kg (13 lb) and built around a precise blend of high-quality ingredients that deliver the ideal nutrient complexity for a smooth transition to dry feed and continued growth through the nursery phase. This program is for producers manufacturing their own nursery diets, and includes two components: **Blueprint[®] Solo 350 Base Mix** for the **Starter 1 Diet** (Product #305260) and **Blueprint[®] Solo 55 Premix** for the **Starter 2 Diet** (Product #305261). Sample feeding budget below:
