ShowMaster SUPREME CATTLE SUPPLEMENT (PELLET)

PELLETED SHOW CATTLE SUPPLEMENT

ShowMaster Supreme is a palatable feed, containing high levels of quality proteins, minerals and vitamins intended to produce a shiny, healthy hair coat.

ShowMaster Supreme promotes the following:

- > *Nutrients for efficient growth and feed conversion*
- > *Enhanced hair coat bloom*
- > *Hoof integrity*
- > *Stabilized rumen function during times of stress*
- > *Reduction of digestive upset*

ShowMaster SUPREME CATTLE SUPPLEMENT (PELLET)

FOR GROWING &
 CONDITIONING
 SHOW CATTLE

BEEF SHOW FEED

Masterfeeds® ShowMaster Supreme Cattle Supplement (pellet) is intended to be fed up to 0.227 kg per head per day. It is a concentrated formula of selected ingredients, containing high levels of quality proteins, minerals and vitamins intended to produce a shiny, healthy hair coat.

WHO USES:

Producers who wish to feed a premium show cattle supplement. Purebred breeders fitting cattle for sale and 4-H groups would benefit from the use of this supplement.

DIRECTIONS FOR USE:

Mix with grain and feed so as to provide 0.227 kg of supplement per head per day.

Example formula: Mix 37.6 kg of this product with 612.4 kg grain, 300 kg corn gluten feed and 50 kg molasses. Feed as a complete ration along with forage. Changes to the feeding program should be made gradually for adaptation to take place. Follow an on-farm feeding program provided by your Masterfeeds Account Manager.

FEATURES & BENEFITS:

Contains 28% crude protein from a variety of sources. Younger animals require higher levels of quality protein sources for growth and health.

Selected ingredients and consistent formulations. Enhances palatability and promotes intake.

Contains vegetable oil. Enhances hair coat bloom.

Contains Zinc Complex. Helps maintain hoof integrity.

Highly fortified with minerals and vitamins. Helps improve growth and resistance to stress and disease.

Contains distillers, soyameal, linseed meal, molasses and yeast. Improves palatability.

Contains Yea-sacc. Helps to stabilize rumen, particularly during periods of stress such as when cattle are being transported to shows.

Selplex (selenium complex). Promotes a higher rate of absorption - related to good cell health as well as fertility.

This feed contains added selenium at 7.98 mg/kg.
