GROW

ShowStopper[™] ACCELERATOR

*Promotes frame growth, body,
bloom and a smooth finish.*

A good grower becomes
a great shower.

ShowStopper Accelerator beef ration is the next step in the ShowStopper line of feeds. It is intended for growing purebred or other show calves prior to being placed on a final, high energy ration. Once the calves have grown to the desired weight, they can be transitioned to ShowStopper Full Throttle.

FEEDING: INITIALLY FEED AT THE SAME RATE AS CRUISER TO ACCLIMATE CATTLE TO THE NEW RATION. GRADUALLY STEP UP ACCELERATOR INCLUSION TO 2/3 TOTAL DRY MATTER INTAKE WITH THE OTHER 1/3 BEING FORAGE.

BEEF FEED (TEXTURIZED)

FOR GROWING PUREBRED
OR OTHER SHOW CALVES

SHOW FEED

Masterfeeds ShowStopper Accelerator Beef Feed is a high quality, 13% crude protein texturized ration that contains a blend of barley, and corn, chelated trace minerals, yeast and molasses to enhance intake. Accelerator is designed to promote frame growth, body, bloom and a smooth finish.

WHO USES:

Masterfeeds ShowStopper Accelerator Beef Feed is intended for growing purebred or other show calves, and especially 4-H calves prior to their being placed on a final, high energy finishing ration. Ideally, recently weaned calves should be started on Masterfeeds ShowStopper Cruiser Beef Feed Ration. Once the calves have grown to their desired size, they can be converted to Masterfeeds ShowStopper Full Throttle Beef Feed Ration, or Masterfeeds ShowStopper High Fibre Ration.

FEEDING DIRECTIONS:

Feed this ration to beef cattle at 1% of body weight along with good quality forage and access to clean, fresh water.

Changes to the feeding program should be made gradually for adaptation to take place. Consult your Masterfeeds Account Manager for further information.

FEATURES & BENEFITS:

13% crude protein. High protein for lean growth, complements hay feeding.

Rolled barley, oats and corn, 6% digestible fibre as wheat. Highly palatable and digestible source of energy. Reduced risk of digestive problems.

Contains yeast. Aids in maintaining optimal rumen function and digestion. Promotes intake.

Chelated trace minerals, including Selenium. Higher absorption and bioavailability.

Fortified with high levels of Vitamin E. Enhances performance and resistance to disease.

Added molasses. Promotes and enhances intake.

This feed contains added Selenium at 0.3 mg/kg.

GUARANTEED ANALYSIS

Crude Protein (minimum).....	13.0%
Crude Fat (minimum)	3.5%
Crude Fibre (maximum)	10.0%
Calcium (actual).....	1.25%
Phosphorus (actual)	0.44%
