

**The Sweet Taste of Success.**

Supplements can only provide predictable performance if they are consumed consistently. Sweetlix delivers balanced levels of nutrients in regular daily doses and utilizes high quality ingredients for increased palatability and optimum animal performance. Unlike some blocks, Sweetlix pressed blocks are highly palatable as well as weather-resistant.

**SWEETLIX PRODUCT LINE UP:**

**EQUINE PASTURE & HAY BALANCER**

*This convenient free-choice supplement block for horses and a mineral, vitamin and protein supplement in one. Ideal for supplementing hay and limited pastures, it delivers 20% protein from all natural sources. This is a weather-resistant block and can be placed directly in pastures or paddocks with horses – no shelter needed.*

**ALL-IN-ONE** *This convenient highly palatable free-choice protein supplement block for sheep and goats is a mineral, vitamin and protein supplement in one. This block is specifically designed to supplement small ruminants consuming low quality forages and allows for optimum growth and reproduction. Safe for cattle, goats and sheep. Ideal in situations where copper is a concern when species are co-mingling.*

**WHITETAIL DEER BLOCK** *Formulated to provide deer with supplemental protein, energy, minerals and vitamins necessary for antler growth.*

**RACK™ DEER BLOCK** *Formulated to provide essential supplemental nutrients and minerals needed by deer.*

**CORN-LIX DEER BLOCK** *Formulated to supplement natural vegetation by providing essential minerals and energy necessary for maximum growth, bone and antler development and reproduction in deer.*

**GAME BIRD & FOWL BLOCK** *Designed especially for the needs of wild fowl. Made with wholesome grains, minerals and vitamins critical for growth and egg production, Sweetlix provides essential nutrients.*

# RACK™ DEER BLOCK

FOR DEER/ELK RANCHERS,  
LANDOWNERS &  
BACKYARD FEEDERS

DEER BLOCK

Sweetlix Rack Deer Block provides essential protein, minerals and energy necessary for antler development, growth and reproduction. Rack Deer Block is ideal for maintaining key herds in the peak nutritional state necessary for trophy deer.

### FEEDING DIRECTIONS:

Sweetlix Rack Deer Blocks should be offered year-round. They are formulated to provide essential supplemental nutrients and minerals needed by deer. Deer blocks may be buried and covered with loose soil. Deer will find the blocks and come to them as they would a natural salt lick. If blocks are to be fed in areas where domestic livestock are pastured, place the blocks in rough terrain areas where cattle do not normally graze.

Deer watering areas are ideal locations to place blocks. Do not feed additional salt when using the Rack Deer Block.

For additional information, please contact your Masterfeeds Account Manager.

### FEATURES & BENEFITS:

**Highly palatable.** Naturally attracts deer.

**Bio-degradable box.** Easy to handle and store.

**Supplies energy and minerals.** Result in bigger, healthier deer.

**Extra energy.** Beneficial to antler growth.

### NOTE:

The use of this deer product is intended for wildlife conservation practices only. Do not handle this deer product in a way that human scent will be left on the block.

---

*This feed contains added Selenium at 2.5 mg/kg.*
