# **Neetlix**. Weather-Resistant Pressed Supplement Blocks Improve forage digestion

## The Sweet Taste of Success.

Supplements can only provide predictable performance if they are consumed consistently. Sweetlix delivers balanced levels of nutrients in regular daily doses and utilizes high quality ingredients for increased palatability and optimum animal performance. Unlike some blocks, Sweetlix pressed blocks are highly palatable as well as weather-resistant.

### **SWEETLIX® PRODUCT LINE UP:**

EQUINE 3-IN-1 A multi-purpose, free-choice, highly palatable OPTION vitamin and mineral supplement block for **beef cattle** and/or horses. This block is superior to trace mineral salt blocks and can be placed directly in pasture.

10% PHOS MINERAL/VITAMIN A supplement mineral for beef cattle.

### **EQUINE PASTURE & HAY BALANCER**

This convenient free-choice supplement block for horses and a mineral, vitamin and protein supplement in one. Ideal for supplementing hay and limited pastures, it delivers 20% protein from all natural sources. This is a weather-resistant block and can be placed directly in pastures or paddocks with horses - no shelter needed.

**ALL-IN-ONE** This convenient highly palatable freechoice protein supplement block for **sheep** and **goats** is a mineral, vitamin and protein supplement in one. This block is specifically designed to supplement small ruminants consuming low quality forages and allows for optimum growth and reproduction. Safe for cattle, goats and sheep. Ideal in situations where copper is a concern when species are co-mingling.

WHITETAIL DEER BLOCK Formulated to provide deer with supplemental protein, energy, minerals and vitamins necessary for antler growth.

**GAME BIRD & FOWL BLOCK** Designed especially for the needs of **wild fowl**. Made with wholesome grains, minerals and vitamins critical for growth and egg production, Sweetlix provides essential nutrients.

# 3-IN-1 MULTI-PURPOSE BLOCK FOR HORSES & BEEF CATTLE

Sweetlix 3-in-1 is a multi-purpose, free-choice, highly palatable vitamin and mineral supplement block for beef cattle and/or horses. This block is superior to trace mineral salt blocks and can be placed directly in pasture.

### FEEDING DIRECTIONS:

Feed one block per five head of cattle or horses. This allows all animals equal access to blocks.

Place blocks where animals congregate. Locate blocks throughout pasture, placing them near water and loafing areas. Maintain adequate distance between blocks (3 metres minimum).

Do not allow animals to run out of blocks. When a block is half- consumed, place a new block near it. Place very small pieces in troughs or feed pans.

Cattle and horses will consume approximately 140 g per head daily. When cattle and horses consume the block at the recommended rate, it will supply 3 mg of supplemental Selenium.

Blocks can be fed to animals in confinement. Exact location of blocks to obtain desired consumption will vary between confinement feeding programs.

Feed as the only free-choice source of salt, other minerals and vitamins.

### **FEATURES & BENEFITS:**

Multi- purpose mineral and vitamin block for cattle and horses. Superior to trace mineral salt blocks.

**Palatable.** Source of high quality minerals and vitamins.

**Weather-resistant block.** Can be placed directly in pastures with cattle or horses, no costly covered feeders or bunks required.

### NOTE:

Store blocks in a cool, dry area away from rodents and insects.

This feed contains added Selenium at 21.6 mg/kg.
