• • Same feed above

\* Full feed refers to having feed available to your birds at all times. Feed should be fresh and should not stay in a feeder for more than 2 days.

*Ideally, feed should be fresh daily.*

- For medicated feed options, please speak with your Masterfeeds Dealer.

- Do not allow feeders to run empty or stale feed to accumulate. Never feed any feedstuffs that are moldy, musty or suspect in any way.
