AG-ACTIVE YOUNG PEOPLE  
ARE THE FUTURE OF FOOD PRODUCTION FOR  
OUR GROWING WORLD.  
Partnerships for positive agri-futures.

A Canadian Tradition of  
Animal Nutrition Solutions

Une tradition Canadienne de  
solutions en Nutrition Animale

**Masterfeeds Future AgMaster Program** is our commitment to inspire and celebrate ag-minded youth across Canada. As part of this youth program, we are offering contests, annual awards and scholarships to encourage and support the producers of tomorrow.

#### FUTURE AGMASTER PROGRAM CATEGORIES:

##### **MASTERPIECES (for ages 3 to 7)**

Future AgMasters of ages 3 to 7 can participate in a good ol' fashioned colouring contest! Images to colour are online or can be picked up at various trade shows across the country. Mail (or take a photo of your child's MasterPiece and email) directly to Masterfeeds and we will randomly select artwork to be added to our social media channels. Entrants will also receive a surprise in the mail for outstanding participation!

**Deadline: Masterpieces can be submitted all year long!**

##### **GROWING MASTERMINDS (for ages 8 to 11)**

This award is designed to encourage Future AgMasters to "advocate" messages about the importance of our farming communities, the production of the world's food and the hard work producers do everyday to feed a growing world. Youth ages 8 to 11 are invited to create a visual illustration of how they will make a positive contribution to the future of agriculture, or show us what agriculture looks like on their family farm. Masterfeeds will award \$200 to two winning applicants every year.

**Deadline: December 31<sup>st</sup> (renews annually)**

##### **MASTERING FUTURES (for ages 12 to 17)**

This award is designed to encourage Future AgMasters to consider the various farm business areas within the industry of agriculture. Farming is a business, and youth ages 12 to 17 are in a position to start thinking about where they can make a difference in the future of agriculture. Mastering Futures is a fun video challenge for ages 12 to 17 to create a one to two minute video showcasing what they hope to achieve in their future in agriculture, or speak to how they plan to go into an area of agri-business and why, or show how farming is the business of their family. Masterfeeds will award \$300 to two winning applicants every year.

**Deadline: February 1<sup>st</sup> (renews annually)**

##### **FUTURE AGMASTER SCHOLARSHIP (for ages 17 to 19)**

Masterfeeds is dedicated to the next generation of producers and we are proud to offer this annual scholarship to an individual pursuing post-secondary education in the area of agriculture within Canada. Masterfeeds will award a scholarship of \$1,000 to the winning applicant who can demonstrate their passion and potential through an essay about what they hope to achieve for the future of food production or other ag-related pursuits through their education. Applicants may also include what has inspired them to pursue a career field in agriculture.

**Deadline: April 30<sup>th</sup> (renews annually)**

**ALL ENTRIES CAN BE SUBMITTED THROUGH OUR ONLINE FORM, BY REGULAR MAIL OR BY EMAIL.**

**MAIL:**
